

2022-2023 CCCC School Climate Parent/Guardian Survey

This survey contains display “logic” programming to display questions based on prior responses. This logic programming is listed in white text in blue highlights in this sample document.

Start of Block: Block 1

Welcome!

Under Ontario's Education Act, school boards must ask parents and guardians to answer a survey about school climate in their children's school. This survey asks questions about what you think about the safety, inclusion, and communication with your child's school. Your answers to this survey will let us know what we need to do to help make school better for you, your children and for other families with children in Dufferin-Peel Catholic District School Board (DPCDSB) schools.

If you have more than one child currently enrolled in any Dufferin- Peel Catholic school at this time , please complete the survey for your oldest child only.

The survey is voluntary and should take about 20 minutes to complete. At no point in time will you be asked to name yourself or your child in this survey. The answers you give us on the survey are also confidential. All survey information is kept private on a secured DPCDSB computer network with only a small number of staff who are able to use the data. All reporting of findings will be done for groups of parents and guardians, not individuals.

If you agree with the above points and want to participate, please click the “Next” button below.
